ACHIEVEMENTS

- Champion of Champions in 4th Asian level Yoga competition in the age group 14.
- Second prize in 5th All India Yoga competition in the age group 12.

OBJECTIVE

Seeking a challenging role as a full-stack web developer where I can leverage my skills in front-end and back-end development to contribute to innovative projects. Eager to apply my proficiency in HTML, CSS, JavaScript, and Python to develop responsive and dynamic web applications. Committed to continuous growth and eager to collaborate with talented teams to create exceptional digital experiences for users.

WORK EXPERIENCE

TEAM LEAD | OCT 2022 - MAY 2024

i-Cons Technologies

- Proficient in managing internal teams and external client communication.
- Skilled in overseeing performance, delegating tasks, and fostering transparent client relationships.
- Experienced in facilitating smooth workflows and cultivating a positive work environment.
- Proactive approach to fostering a culture of innovation and collaboration, encouraging team members to contribute ideas and solutions to achieve organizational goals.

PROCESS ASSOCIATE | SEP 2021 - SEP 2022

i-Cons Technologies

- Specialized in executing projects for US clients with attention to detail and efficient project management, utilizing MS Office and Adobe Photoshop.
- Ensured compliance with regulatory standards and maintained clear communication channels throughout project lifecycle.
- Contributed to successful project completion through commitment to excellence and meticulous attention to detail.

FULL-STACK DEVELOPER INTERN | OCT 2022 - MAR 2023

Brainery Spot Technologies

- Proficient in HTML, CSS and Python, ensuring the creation of visually appealing and structurally sound web pages.
- Developing foundational knowledge in JavaScript with ongoing skill development.
- Skilled in MySQL for efficient data management and documentation.

PROJECT

Responsive E-Commerce Website

- **Description:** Developed a responsive E-Commerce website from scratch using HTML, CSS, JavaScript, and Python. Prioritized user experience across devices by implementing responsive design principles.
- **Technologies Used:** HTML, CSS, JavaScript, Python
